

Social Responsibility

Social responsibility is a top priority for The Westmark Group. We take pride in our awareness and interaction with our community. In order to serve and give back to our community, we participate with many local and national charities and non-profit organizations. We believe in contributing to charitable causes because it allows us to support great foundations that continually influence the lives of people. Please refer to our website at: www.westmarkgroup.net for a listing of charitable causes that The Westmark Group supports.

Jeremey Westmark

Principal

Jeremey Westmark is a Nevada Certified Environmental Manager, Nevada licensed asbestos contractor, and California Registered Environmental Assessor who has been in the environmental industry for over 18 years. Mr. Westmark has continued his education and certifications to enhance his skills and abilities within the environmental industry. His experience includes Phase I Environmental Site Assessments, underground storage tank removal, soil and groundwater site assessments, soil and groundwater remediation design, asbestos consulting, lead based paint consulting, water well installation, hazardous waste management, occupational safety and health, and hazardous materials emergency response. His knowledge and expertise make him a valuable resource in the environmental field.

About Us

The Westmark Group's central office is located in Las Vegas Nevada with full service available in Nevada, Arizona and California. Westmark performs environmental site assessments and corrective action services, waste management services, occupational safety and health services, and hazardous material emergency response services. The Westmark Group has years of experience with the State of Nevada Petroleum Fund, the State of California UST Fund, and the State of Arizona Assurance Fund. All of our project managers have worked closely with various case and claim workers for the state and local agencies. We are fully insured for \$1,000,000 of professional and general liability. When subcontractor assistance is necessary, Westmark uses only individuals or companies with appropriate licenses, insurance and professional business practices.
